Planned Parenthood Federation of America

Planned Parenthood runs the largest abortion operation in the U.S.

Planned Parenthood performed 264,943 abortions in 2005.

Planned Parenthood has killed 3.5 million babies by means of surgical abortion since 1970.

More than one-third of Planned Parenthood's clinic income comes from abortion.

Planned Parenthood made no mention of adoption referrals in its latest annual report.

About one-third of Planned Parenthood's annual income comes from government funding.

For many years, Planned Parenthood, a non-profit organization, has turned a profit.

A California woman died after taking RU-486 given to her at a Planned Parenthood center.

IMPORTANT POINTS TO REMEMBER

No organization in the U.S. performs more abortions than Planned Parenthood.

Since 1970, Planned Parenthood has aborted millions of unborn children.

Much of Planned Parenthood's money comes from abortion and from your tax dollars.

Planned Parenthood is in the abortion business, not the adoption business.

Planned Parenthood routinely turns a profit, yet it continues to accept government funds.
