

LifeFacts

Facts on Health Care Reform

1. The health care reform law passed by Congress and signed by President Barack Obama means **taxpayer funding of abortion**--something public opinion polls show that the vast majority of Americans don't want!

2. Under health care reform, **direct funding of abortion** can occur through Community Health Centers.

3. Federally-subsidized abortion plans would require Americans to pay an "abortion surcharge" to **pay for other people's abortions**.

4. Pro-abortion political appointees and bureaucrats could use money authorized by the health care law **to pay for abortion**.

5. Under the new law, federally-run insurance plans could be **required to cover abortions**.

6. The health care law could bring pro-abortion mandates that could mean **expanded access to abortion**.

7. The conscience protections in the health care law are narrow, meaning that **health care providers who refuse to participate in abortions could be penalized**.

8. The health care law could mean **the largest expansion of abortion since *Roe v. Wade***, the tragic U.S. Supreme Court ruling which brought us abortion on demand for any reason during all nine months of pregnancy.

9. The health care law could result in medical rationing, meaning that the **elderly and people with disabilities would not receive life-saving care!**

IMPORTANT POINTS TO REMEMBER

The health care reform law means **taxpayer funding of abortion**.

When public funding of abortion occurs, **abortion totals skyrocket!**

Health care reform could result in rationing, leaving the **elderly and people with disabilities without life-saving care!**
